The Only One

Reverend and the Makers

I want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only oneI may not be your first
But I wanna be your last
I wrote the chapter and the verse
On being haunted by the past
And I'mma slay that green-eyed monster as soon as I can
If I could kick the feeling I got that you're my brand new secondhandI want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only one
About to go headlong into forging the future
But we know that we can't carry on with suspicious minds
And I'mma slay that green-eyed monster as soon as I can
You know in each and every way
You know in each and every wayI want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only one
I want you to make me feel like I'm the only one, the only one
