

Seen It Coming (Mexico)

Icarus Himself

I seen it coming

I seen it coming

God damn these hands, now I see why you've gone away

God damn these hands, now I see why you've gone away

repeat

I've seen it coming, I've seen it coming

oh

I'll stay with you, I'll stay with you

come take my hand, down to Mexico o o

You're my Mexico

You're my Mexico o o

repeat

alright!
