Surveillance

Batsauce

I don't understand
What did I do to make you so suspicious of me?
I've been faithful
See, if you can't back up
You can leaveYou can't expect to grope me like your others
When you gon' catch me so you watch me close
You like to take me from under your microscope
Trust you won't find nothing, there's nothingIf you're not careful I'll be M.I.A
Stay double checking, why you so suspicious of me?
This paranoia about to make me make you vacate
That's what I said, yeah, that's what I saidAll in my way
In my face
Dealing with your headaches
Giving me a headacheI can't take it
Give me my privacy
Fall back and let me breathe
Don't keep me under surveillanceI'm on your radar, there's no escaping your range
There's no mystery, there ain't no case to solve
I'm not the enemy, I'm on your side
Could you quit searching, let down your guardIf you're not careful I'll be M.I.A
(M.I.A)
Stay double checking, why you so suspicious of me?
(Suspicious of me)This paranoia about to make me make you vacate
(Me make you vacate)
That's what I said
(Yeah)
Yeah, that's what I said
(What I said)All in my way
In my face
Dealing with your head aches
Giving me a head ache
(Giving me a headache now)I can't take it
Give me my privacy
(Oh, oh, oh)
Fall back and let me breathe
(Oh, oh, oh)
Don't keep me under surveillance(Why you keep me under)
Why you keep on surveillance
(Ooh)

Why you watching all the time
(Oh, oh, ooh)
Through the nightCan I get some room
Can I [unverified]
(Can I [unverified])
Why you keep me on surveillance(Can I)
Why you watching all the time
All the nightAll in, all in, all in, all inAll in my way
(Oh, ooh)
In my face
Dealing with your headachesGiving me a headache
(Giving me a)
I can't take it
(Ooh)Give me my privacy
(Privacy)
Fall back and let me breathe
(Let me breathe)
Don't keep me under surveillance
(Keep me under, woah)All in my way
(In my way)
In my face
(In my face)
Dealing with your headaches
(The headaches)Giving me a headache
I can't take it
(I cant take it no)
Give me my privacy
(My privacy)Fall back and let me breathe
(And let me breathe)
Don't keep me under surveillance
(Surveillance)
