

# Can't Stop Myself from Loving You

[Patty Loveless](#)

Raindrops fall from the sky  
Teardrops fall from my eyes  
Can't stop myself from lovin' you  
Your heartaches found a home  
I walk these streets alone  
Can't stop myself from lovin' you I know, I shouldn't waste my time I  
n dreams of yesterday  
But your mem'ry's all that I have left  
Since you've gone away No matter what I do,  
My heart stays cold and blue  
Can't stop myself from lovin' you They say that time  
Can heal a lonley heart that's broke in two  
But time ran out on me the day  
You walked out of my world
