# Pokemon World

## Nobody's Angel

So you wannna be the master of pokemon
Understand the secrets and have some fun
So you wannna be the master of pokemon
Do you have the skills to be number one
Number one!
(Let's do it)I wanna take the ultimate step
Find the courage to be bold (Yeah)
To risk it all and not forget
The lessons that I holdI wanna go where no one's been
Far beyond the crowd
To learn the way to take command
Use the power that's in my handWe all live in a Pokemon World
(Pokemon World)
I wanna be the greatest Master of them all
(Master of them all)
We all live in a Pokemon World
Put myself to the test
To be better than all the restEvery day along the way
I will be prepared
(I will be prepared)
With every challenge I will gain
The knowledge to be sharedIn my heart there's no doubt of who I want to be
Right here standing strong
(Standing next to me)
I will risk all i can
(Standing next to me)
The greatest Master of PokemonWe all live in a Pokemon World
(Pokemon World)
I wanna be the greatest Master of them all
(Master of them all)
We all live in a Pokemon World
Put myself to the test
To be better than all the restSo you wanna be a Master of POKEMON?
