

Lonely Night (Angel Face)

Captain & Tennille

Lonely Night, I cry myself to sleep, tell me, what am I gonna do
'Cause it's always been you to dry my tears
It's always been you to wash away my fears
It's always been you each night and day
Now what can I say when love slips away Lonely night, I'm walking the floor, tell me, what am I gonna do
Without your precious love, your tender touch
Hey, little man I miss you so much
Wish we could turn back the hands of time
To the day when you were mine You used to call me, angel face, used to call me, angel face
You used to help me through the night, make me feel all right
Now all I have is teardrops through a lonely night I can't get you out of my mind
I can't get you out of my mind
I can't get you out of my mind I promise you I'll change my ways
I promise you love's here to stay
Hey, little man depend on me
I'll be yours for eternity You used to call me, angel face, used to call me, angel face
You used to help me through the night, make me feel all right
Now all I have is teardrops through a lonely night You used to call me, angel face
You used to help me through the night, make me feel all right
Now all I have is teardrops through a lonely night I can't get you out of my mind
I can't get you out of my mind
I can't get you out of my mind
