[dvsn](#)

[Verse 1]

I'm really sorry, I didn't mean it  
Know what you said, I just can't believe it  
I feel discarded, I feel mistreated  
I think of love, and you're the meaning[Chorus]

Baby, I, baby, I  
Can't shake the feeling that  
I could make it better  
If I could have sex with you  
I could make it better  
If I could have sex with you[Verse 2]  
Tired of losing, but there's no winning  
Dug a hole and I put us in it  
Now you're departed, I feel defeated  
I think of love, I think you're the meaning[Chorus]

Baby, I, baby, I  
Can't shake the feeling that  
I could make it better  
If I could have sex with you  
I could make it better  
If I could have sex with you
