

# In Your World

## Twista

(Let me in your world)  
I can rock your body all night  
Sip on some funky drink to make you feel right  
Lay on the water bed and hold you real tight  
I be makin' you feel nice if you let me in your world I can rock your body all night  
Sip on some funky drink to make you feel right  
Lay on the water bed and hold you real tight  
I be makin' you feel nice if you let me in your world  
(Let me in your world) Hey love, what's up, come give me a kiss  
Have you ever seen a po pimp with eyes as pretty as this  
And still be the rawest, spittin' flawless game while I get my G's  
I hit my B's, pullin' up on fees, I bet I get my piece 'Cause I'm impressin', lovin', when I'm kissin' and huggin'  
All into good rushin', touchin', better roll when I flush 'em  
I'm causin' concussion, sportin' pellet, come here, baby  
My way will change, I used to kinda rugged my day Let's dance, while we get our groove on I get known  
If it's on, then Lexus she gon' get home  
First get bucked up and sip on  
G on the room and drink po wine up in the whirlpool  
Don't leave my comb and pearl too  
Leavin', let the girl cool my world, ooh I like to get down, straight up you're freaky  
You wanna meet me, just beep me  
Take the fat out, weaklin'  
Drop the top and leave haters wishin' the cool rain  
Let's keep it a hood thang, you get busy in your wool grain I treat you precious as diamond rings, so don't cut  
me up  
I start the fussin', I'ma get the bustin', now no thang, I gotta give it up  
'Cause all your love can make the hardest thug cry like a dove  
Pull my mink over your shoulders when we leave out the club Ain't no need to knock a con, I'm feelin' like  
Chaka Khan  
She the bomb like Lebanon, still fine with no Revlon  
Just let the Don inside, I promise pleasure and sweat  
I guarantee you ain't gon' be no regrets, if you just let me get it wet (Let me in your world)  
I can rock your body all night  
Sip on some funky drink to make you feel right  
Lay on the water bed and hold you real tight  
I be makin' you feel nice if you let me in your world I can rock your body all night  
Sip on some funky drink to make you feel right  
Lay on the water bed and hold you real tight  
I be makin' you feel nice if you let me in your world

(Let me in your world)Baby, I'm fine, want you to be on my pager  
I wanna know you, we can kick it like players  
Just like a boy, make me really want you  
Let me in your worldHow can a man leave a woman like you're lonely  
But still some phonies, call me when you need me  
Sit down with my homies, pull up in my Lexus  
Let me in your worldI need love, it's off the hizzle, think you can please me  
Don't hurt me, take it easy, girl, we on the E-Way  
You know you met me when I crashed the bar  
And why'd you kissin' on my neck, I'm 'bout to crash the carSo pass the 'la, relax, baby, it ain't far  
Since you started askin' me questions on gossip about stars  
Girl, you better be on script on who you with  
She's been forcin' Liffy Stokes from the mobsta clickI'm chillin' at the click with nums getting numb, I bumps  
Tryin' to find a cutie to kickin' with, watch the risin' sun  
Here she comes with them big legs, no fat on the back  
What's up shorty, can we kick it tonight and choke on the sackCome see as I foreplay, freaky at this slow-ass  
track  
Big and black, had attention ready to dig in that  
So what we just met, that don't mean I won't give you respect  
I just keep fight the temptation to get your body real wetOh, keep givin' hand claps, baby  
Watch them speakers be harmed  
And the bass be soft, ooh  
Oh, keep givin' hand claps, baby  
Watch them speakers be harmed  
And the bass be soft, oohOn my elevator you can feel our love rise to the top  
'Cause on the way up to my condo, your ears pop  
When I hit the lock I'm a villain, the mobstas make the killin'  
As we lay on my water bed with the mirrors on the ceilingThe wall too, got friends that's all true, I call Cru  
Tryin' to fall through, I got tall brew, it's all you  
Or like I be, let's shoot up to the club like two tattoos  
VIP, who lets who, no dancing with two left shoesDo that fool, do that, do that, who that creeps on my hood  
Do I see my nigs thuggin' but, dawg, y'all lookin' good  
Ballers please, it's a straight playas party, can't f\*\*\* with these  
Champagne and Henessies for my G's and stuck a piece and uhHaters please, no bustin' we up in place  
Put 'em in the trunk, the flame  
When I'm tryin' to get up with, "What's her name?"  
The precious tonight I met, let's ride, I feel this like a set  
While you're dancing, I'ma kiss off the sweat  
That's how you let me get it wetI can rock your body all night  
Sip on some funky drink to make you feel right  
Lay on the water bed and hold you real tight  
I be makin' you feel nice if you let me in your worldI can rock your body all night  
Sip on some funky drink to make you feel right  
Lay on the water bed and hold you real tight  
I be makin' you feel nice if you let me in your world

(Let me in your world)Baby, I'm fine, want you to be on my pager  
I wanna know you, we can kick it like players  
Just like a boy, make me really want you  
Let me in your worldHow can a man leave a woman like you're lonely  
But still some phonies, call me when you need me  
Sit down with my homies, pull up in my Lexus  
Let me in your world  
Let me in your world
