## Fu Manchu

Ridin' high  
Seein' far beyond this time  
Speed demon rollin'  
To the tune of ninety-five Through another mountain  
Barracuda on my side  
I heard this story told  
'Bout a half a million time Eight feet wide  
Burnin' a path half it's size  
Gone without a trace  
Surveying all mankind Full-speed ahead  
I hear it start to grind  
Never heard a sound  
Like it in my life
