Get A Life

Firehouse

Well I'm sick and tired and I am totally wired
Why don't they just leave me alone?
Just 'cause the length of my hair and the clothes that I wear
And the things that I do don't conform
Everyone's got an opinion but I don't need no advice
Seems they're mindin' everybody's business but their own
Well I do things my own way
And I ain't afraid to say
Get a life
Oh I've got better things to do than to mess around with you
So go out and get your own life
Get a life
I'm always walking the line when I ain't done no crime
I get hassled for no reason at all
See I've got my own plan tryin' to be my own man
Still they don't understand what went wrong
Everyone's got an opinion but I don't need no advice
Seems they're mindin' everybody's business but their own
Well I do things my own way
And I ain't afraid to say
Get a life
Oh I've got better things to do than to mess around with you
So go out and get your own life
Get a life
So here's a word to the wise, you've gotta realize
You're no better than anyone else
Before you criticize you'd better open you eyes
And take a good look at yourself
And get a life
Oh I've got better things to do than to mess around with you
So go out and get your own life
Get a life
You've picked the wrong one to harass
Why don't you stick it up your ass?
Go out and get your own life
