Learn How to Live

Pat Green

Everybody's talking about
How everybody's feeling there's a change going down
All the people in the street
Well they're moving to the beat of a brand new soundBut it's the same old thing
Love is all you needWe got to learn how to live
We got to learn how to live together
We got to learn how to give
If we're ever going to stay together
Stay togetherWell I hear what you saying to me, saying to me baby
That maybe it's time that I change my ways
But I would be the fool standing out in the rain
Saying, Take me back please, open your doorBut it's the same old song
Baby I know I was wrongWe got to learn how to live
We got to learn how to live together
We got to learn how to give
If we're ever going to stay together
Stay together, stay togetherWe got to learn how to live
We got to learn how to live together
We got to learn how to give
If we're ever going to stay togetherI don't know why it is that we keep each other down
We only want to chase you
Turning around and around and around and around
Stay together, stay together, stay together
