When I Get It Right

Joan Armatrading

You always say
When I just messed up
Did bad, done wrong, gone too far
Caused such pain, such shameI'm illegal see one sided
No fair a sin there
Act queer, odd ballI mishandle, you trample
So strong wear crown
Under foot put upon hold downHey, when I get it right will you tell me please?
Oh, when I get it right will you tell me please?
I wanna know, I gotta go
I wanna know, I gotta goYou always say no
You don't mean yes
No way, hold out
Turn around two refusalsDeaf ear turned here
Not want leave room
All fault here shake head
Drop deadHey, when I get it right will you tell me please?
Oh, when I get it right will you tell me please?
I wanna know, I gotta go
I wanna know, I gotta goHey, when I get it right will you tell me please?
Oh, when I get it right will you tell me please?
I wanna know, I gotta go
I wanna know, I gotta go
I wanna know, I gotta go
