I'm So Sorry

Spearmint

I'll return under the cover of night
Oh, those were simpler times
We'd take a walk through the park
And go out after dark
Obsessed with only ourselvesI'll return like a river running home
I'm so sorry, I'm so sorry, I'mI took a train there then another somewhere
'Cause you were on my mind
You'll make a name for yourself
You'll make a life somewhere else
Far from this great townBut I'll return like a river running home
I'm so sorry, I'm so sorry, I'm so sorryBut you'll never be
Just another river that runs into the sea
You'll be more, something moreI know you'll worry
I won't return, you'll worry
I might get lost but I'm lost if I stay hereBut I'll return like a river running home
I'm so sorry, I'm so sorry, I'm so sorry
