

# Happy

## Saving Jane

Filling up my empty days with red wine  
Wonder what you think of me?  
Lying in the grass alone and wasted  
Nothing's how it used to be I wanna be the first to call and tell you  
Yesterday I heard the news  
I hear you oughtta be congratulated  
So I guess that's what I'll do I'm so happy for you, I could cry  
Yeah, I'm so elated  
Cross my heart and hope to die I don't think about you every night  
Before I close my eyes  
I'm so happy for you, baby, I could cry Listen to the sound of my head pounding  
Wish that it was make-believe  
Praying for the skies to open up and  
Wash away your memory I can walk around with a pretty face on  
Even when I'm black and blue  
What's the point in telling everybody  
I'm not over you I'm so happy for you, I could cry  
Yeah, I'm so elated  
Cross my heart and hope to die I don't think about you every night  
Before I close my eyes  
I'm so happy for you, baby, I could Cry about the love we used to have  
Cry that I won't ever get you back  
([Incomprehensible] get you back) Filling up my empty days with red wine  
Wonder what you think of me? I'm so happy for you, I could cry  
Yeah, I'm so elated  
Cross my heart and hope to die I'm so happy for you so so happy for you  
I don't think about you every night  
Before I close my eyes  
I'm so happy for you, baby, I could cry
