

# Sister Winter (Broke For Free Flip)

[Sufjan Stevens](#)

Oh, my friends I've begun to worry right  
Where I should be grateful, I should be satisfied  
Oh, my heart I would clap and dance in place  
With my friends I have so, much pleasure to embrace But my heart is returned to sister winter  
But my heart is as cold as ice Oh, my thoughts I return to summer time  
When I kissed your ankle, I kissed you through the night  
All my gifts I gave everything to you  
Your strange imagination, you threw it all away Now my heart is returned to sister winter  
Now my heart is as cold as ice  
All my friends I've returned to sister winter  
All my friends, I apologize, apologize All my friends I've returned to sister winter  
All my friends, I apologize, apologize  
All my friends I've returned to sister winter  
All my friends, I apologize, apologize And my friends I've returned to wish you all the best  
And my friends I've returned to wish you all the best  
And my friends I've returned to wish you all the best  
And my friends I've returned to wish you a happy Christmas  
To wish you a happy Christmas, to wish you a happy Christmas  
To wish you a happy Christmas, to wish you a happy Christmas
