Do That There

Lyrics Born

Do that there
How ya, how ya, how ya do that there?
And they be like, how ya do that?
How ya do that there?
How ya, how ya, how ya, how ya
How ya do that there and they be like
How ya do that?
How you do that there?
Chevy ridin' high, 24's still wet
Dis a diamond chain, baby, no golds on da neck, I rose da set
Call me young fresh, prince of da Chi, who's fuckin' with me?
And they be like there he go, I seen him on TV
I shut down them producers and I tell them just be easy
I'm stuntin' when you see me, the money all around me
And if I ain't rollin' I'm feelin' pop a breezy
(Go)
Take of flights, then I go to the next one
Hit that girl twice, then I treat her like a step son
Pimp you ain't like me, I'ma professional
They say I'm sensational
Dawg, I whine up sexin' them, wanna be like me?
Then this what you better do
Eat your Scooby snacks and clear a plate of vegetables
This still pop, pop spinach you know
Can't stop your girl from hangin' this on the wall
Do that there
How ya how ya how ya?
Do that there and they be like?
How ya do that?
How ya do that there?
How ya do that there?
(YB)
Ya know, ya, ya, ya know
Ya, ya know, ya know, ya know
How ya, how ya, how ya, how ya
How ya do that there?
How ya do that, how you do that there
Carolina mic sky blow still mello
Got so many Jordans 'bout to battle Carmelo

Yung ball playa, I'm the prince of the ghetto
Never did it but my dude's still clapping that meadow
If rappin' was a sport, I'll be on the court
Overseas YB's 'bout to win the gold medal
'Cause the girls still love me
Valentine's Day, sayin' they around me
Minus the bow and arrow
Chevy got knocked and the B's straight stopped
I love them both call them Bigga and Pac
On the roads doin' shows, yeah 20 a pop
She ain't gettin' shyt from me unless she talkin' brick money
(Yay, yeah)
I need that Will Smith money
That K.Smith better man Fresh Prince money
Ain't shyt funny, and yougerin' do songs with Ray
So make way for that Lil' Kim money
(Ya dig?)
Do that there
How ya, how ya, how ya do that there?
And they be like, how ya do that?
How ya do that there?
How ya, how ya, how ya, how ya
How ya do that there and they be like
How ya do that?
How you do that there?
Do that there
How ya, how ya, how ya do that there?
And they be like, how ya do that?
How ya do that there?
How ya, how ya, how ya, how ya
How ya do that there and they be like
How ya do that?
How you do that there?
Yeah, yeah, so then I put my left hand in and pull it out
And then I put my right hand and in the pull it out
(Ya know)
