

Spirit

Maranatha!

Freedom don't come easy, babe
When your spirit's flyin' up among the clouds
And when you're faced with wise man's road
 You gotta know where to go
Sun and the stars are travellin' man's companion
 Leadin' the way for his journey
 East and west wherever you go
 Hmm
 Leadin' the way
 (Ooo)
 The first to come
 Showin' the way for his children
 Now it's up to you
 (Ooo)
 Do you know you're pullin' through
 Man, it's not easy and you know it
 Children in a happy place they're always smilin'
 Showin' all their love with no deception
 Treatin' each other like brothers and sisters do
 Yeah, yeah

Children in a real good place they're always tryin'
Jumpin' and playin' in the middle of the afternoon
 Just havin' a ball, don't worry at all, yeah
 Leadin' the way
 (Ooo)
 The first to come
 Showin' the way for his children
 For now it's up to you
 (Ooo)
 Do you know you're pullin' through
 Man, it's not easy and you know it
 Children in a happy place they're always smilin'
 Showin' all their love with no deception
 Treatin' each other like brothers and sisters do, yeah
 Yeah, yeah
Children in a real good place they're always tryin'
Jumpin' and playin' in the middle of the afternoon
 Just havin' a ball, don't worry at all, yeah
