Sky

Steerner & Martell

I woke dreaming we had broke
Dreaming you left me for someone new
And you cried, drying those brown eyes
Crying you're sorry - sorry won't do
But this is the way I need to wake
I wake to you
And you never left me
All that I dreamt had been untrue
Open my eyes
I see sky
Oh, oh, oh, oh, you know the way to keep me on my toes
I, I, I will be fine - just say you'll stay forever mine
'Til we fall asleep tonight
Last night, we had a great fight
I fell asleep in a horrible state
Then dreamt that you loved my best friend
My heart would not mend - seemed it was fate

But this is the way I need to wake
I wake to you
And you never left me
All that I dreamt had been untrue
Open my eyes
I see sky
Oh, oh, oh, oh, you know the way to keep me on my toes
I, I, I will be fine - just say you'll stay forever mine
'Til we fall asleep tonight
Sometimes I forget to love you like I should
But I'd never leave you - no, I never would
I never would
Oh, oh, oh, oh, you know the way to keep me on my toes
I, I, I will be fine - just say you'll stay forever mine
Oh, oh, oh, oh, you know the way to keep me on my toes
I, I, I will be fine - just say you'll stay forever mine
'Til we fall asleep tonight
'Til we fall asleep tonight
