## Kid Dynamite

This just in. Another victim died tonight. What's the score? What's the story? Did they go out in a fight? I wonder why you manufacture a smile? You manufacture some sympathy? 40 minutes devoted to tragedy. Turn on and tune in to chaos giving birth to fear. Come on, tell me, how are you feeling? Report the pain. On to the next. Let it rest. Slander created. Ratings elevated. How do you feel? Well, I'll sell you an answer that you won't believe.
