

The Boys Are Back

Dropkick Murphys

The boys are back
The boys are back
The boys are back
And they're looking for trouble
The boys are back
The boys are back
The boys are back
And they're looking for trouble
The boys are back
The boys are back
The boys are back
And they're looking for trouble
The boys are back
The boys are back
The boys are back
And they're looking for trouble
Standing on the highway 93,
I'm missing my home, and it's killing me
Down the ramp passed the jail, I'm feeling alright
Bought roses for my ladies from a corner
It's time to get ready for that song and dance
Let's go my friends, it's time to take a chance
We're back in town, we're gonna get it done
We got nowhere to hide, we got nowhere to run
It's been a long time coming,
It's been a long time coming,

Chorus:

The boys are back
The boys are back
The boys are back
And they're looking for trouble
The boys are back
The boys are back
The boys are back
And they're looking for trouble

If that old familiar city could talk in here
You'd be just another nobody, you'd disappear
Your days are numbered, we're back around

We're coming for you and you're going down

It's been a long time coming,

It's been a long time coming,

Chorus:

The boys are back

The boys are back

The boys are back

And they're looking for trouble

The boys are back

The boys are back

The boys are back

And they're looking for trouble

And we're coming for you

And we're coming for you

The boys are back

The boys are back

The boys are back

And they're looking for trouble

The boys are back

The boys are back

The boys are back

And they're looking for trouble

The boys are back

The boys are back

The boys are back

And they're looking for trouble

The boys are back

The boys are back

The boys are back

And they're looking for trouble
