

Bring It (Armageddon Mix) [Bonus Track]

Soulfly

Carved in hate, carved in hate
War is insane
Everywhere, everywhere
Blood and disgrace
Look around, look around
Apocalypse now
Terminate, terminate
With extreme hate
Bring it
Bring it
Bring it Who the cap fit, who the cap fit
You know what I mean
All your envy, all your envy
I'll make you bleed
Why don't you go away, why don't you go away
And never come back no more
Cut throat, cut throat
Fuck off Why don't you go away, why don't you go away
Never come back no more
Cut throat scum
You don't have a soul Fuck off
