Don't Go

Matthew Sweet

Don't go, don't let my love drive you away
There is so much I have left to say, oh, don't go
Don't bring my nightmare to the day
There is so much I have left to say, oh, don't go
There is so much I have left to sayCome back, you know I wrote another song
They keep telling me the past is gone
But it looks like my evil deeds are coming 'round
I can't watch them put you in the ground, oh, don't go
I can't watch them put you in the ground, don't goDon't go, don't make me have to say goodbye
'Cause I need to look you in the eye, oh, don't go
I still need to look you in the eye, don't go
I still need to look you in the eye, don't go
No, don't go
