

# AKA...Broken Arrow

## Noel Gallagher's High Flying Birds

Fallen angel, the broken arrow  
She comfort me and ease my troubled mind  
Shine a light out into the shadows  
All the world they made me leave behind  
Leave me in peace, I'm on the side of the angels  
If I die in a dream then let me live my life  
But all the lies that they have told me, they make me wanna shiver  
When I'm lost and I'm lonely  
That's not gonna ease my troubled mind  
She's rolling over, a misty morning  
Set the sail for where the four winds blow  
She's a siren and I'm a warning  
Here to say I never told you so  
Leave me in peace, I'm on the side of the angels  
If I die in a dream then let me live my life  
But all the lies that they have told me, they make me wanna shiver

Leave me in peace, I'm all alone with my angel  
She's died in a dream, so I could live my life  
But all the lies that they have told me, they make me wanna shiver
