

# Pastures

## Housefires

You give me peace that surpasses all my understanding  
and love that is deeper than all I know  
You give me peace that surpasses all my understanding  
and love that is deeper than all I know  
You lay me down in the greenest of pastures  
I am found by the one my heart was after  
You give me peace that surpasses all my understanding  
and love that is deeper than all I know  
You give me peace that surpasses all my understanding  
and love that is deeper than all I know  
You lay me down in the greenest of pastures  
I am found by the one my heart was after  
You lay me down in the greenest of pastures  
I am found by the one my heart was after  
You lay me down  
You lay me down  
Where else could I go  
With You I am home  
Where else could I go  
With You I am home  
Where else could I go  
With You I am home  
Where else could I go  
With You I am home  
Where else could I go  
With You I am home  
You lay me down in the greenest of pastures  
I am found by the one my heart was after  
You lay me down in the greenest of pastures  
I am found by the one my heart was after  
You lay me down in the greenest of pastures  
I am found by the one my heart was after  
You lay me down in the greenest of pastures  
I am found by the one my heart was after
