

# Party Mindset

Andrew W.K.

Party mindset all year round  
And where the party's at  
You know I'll be found  
Don't need a bar-b-q  
And don't need a beach  
I'm keeping clarity  
Just out of reachParty mindset all year long  
And at your party  
I'll be singing this song  
Don't need a holiday  
Or special event  
Time in oblivion  
Is time well spent  
I realized long ago  
That all of life is one last waltz  
I'd had enough of feeling low  
I realized everything I knew  
Was false  
So I killed the place inside  
That told me feeling good  
Was a crime  
So glad that place  
Has finally died  
Now here's to feeling good  
All of the time  
Here's to a...  
Party mindset all year round  
And where the party's at  
You know I'll be found  
Don't need a bar-b-q  
And don't need a beach  
I'm keeping clarity  
Just out of reachI'll keep a...  
Party mindset all year long  
And at your party  
I'll be singing this song  
Don't need a holiday  
Or special event  
Time in oblivion

Is time well spent(Don't need no friends...)

Don't need no friends

To get me by

I couldn't figure out that scene

No means or ends to justify

Just a one-man party machine

The best way to win this game

Is simply not to play along

And disobey without no shame

Remember everything you know

Is wrong You know I got a...

Party mindset all year round

And where the party's at

You know I'll be found

Don't need a bar-b-q

And don't need a beach

I'm keeping clarity

Just out of reach I'll keep a...

Party mindset all year long

And at your party

I'll be singing this song

Don't need a holiday

Or special event

Time in oblivion

Is time well spent

(Oh) So-oh-oh-oh, so magical

So-oh-oh-oh, so magical
