

Play in My Band

Young Money

Baby, can I come over and play?
Probably the type to fuck and never call again
They say I'm crazy,
Cause I gotta get a taste
Listen I'll kiss the gun
And love over run it you're gonna love it
Let it loose now You can play in my band
I can teach you guitar
Here's ya backstage pass
Let me make you a star You can play in my band
I can teach you guitar
Here's ya backstage pass
Let me make you a star Let it loose now Let it loose now Let it loose now Let it loose now Guitar Hero, tuck ya'
bitch in before ya bitch get D-Boed
Is that ya' girlfriend because I seen her at three shows
And she say I'm a blessing.
Call me the cathedral,
Weezy-F-Baby lyrical kilo
I think she try'na O-D though,
I throw my guitar off the stage into the mosh pit bitch
How 'bout I fuck a bitch in a mash pit bitch like
Fucking right I'm tight, I'm a not slip bitch
And me and my band gone rock this bitch,
I'm a fuck her face off, fuck her waist off, the martian
She hops on my rocket and take off,
5-4-3-2, mic check E-Q, she is the groupie and we are the group
And this my solo so take my photo,
My numba' 1 fan Mrs. I'm with the band.
Yeah! You can play in my band
I can teach you guitar
Here's ya backstage pass
Let me make you a star You can play in my band
I can teach you guitar
Here's ya backstage pass
Let me make you a star Let it loose now Let it loose now Let it loose now Let it loose now Can you make me
sound like the strings your playing ooh
Autograph your name in the sheets we lay in
Boy tonight your show is starring me, ooh
So meet me in the back let's act up,

Let it loose come on let's sex up You can play in my band
I can teach you guitar
Here's ya backstage pass
Let me make you a star You can play in my band
I can teach you guitar
Here's ya backstage pass
Let me make you a star Let it loose now Let it loose now Let it loose now Let it loose now
