# Fail

## bygones

Ow!
Am I your miracle?
Is this that kind of love?
I bet you'd rather kill me instead of leaving home.
Dry your eyes.
You see how I arrive.
I've never felt this way before.
I don't care, Don't let me die here.
Wait, You know I wanna.
Wait, You know I'm gonna.
It's like you want me to, it's like you want me to.
Stay, You know I'm gonna.
Stay, You know I wanna.
It's like you want me to, it's like you want me to
FAIL.
Am I excentrical?
Exactly what you want.
You'd rather give me up.
I'm all alone.
Yeah, I'm alive.
Just see how I arrive.
Am I someone that you adore?
I don't care,
Don't let me die here.

Wait, You know I wanna.
Wait, You know I'm gonna.
It's like you want me to, it's like you want me to.
Stay, You know I'm gonna.
Stay, You know I wanna.
It's like you want me to, it's like you want me to
FAIL.
Yeah.
FAIL, FAIL, FAIL!
I know you want me to fail.
So dry your eyes,
cause i know you don't care.
Don't let me die here.
Wait, You know I wanna.

Wait, You know I'm gonna.
It's like you want me to, it's like you want me to.
Stay, You know I'm gonna.
Stay, You know I wanna.
It's like you want me to, it's like you want me to
FAIL.
You know I wanna, you know I'm gonna.
it's like you want me to, it's like you want me to.
Stay, stay.
It's like you want me to, It's like you want me to
Fail, fail.
It's like you want me to fail.
