

Take Me Back

J. Shep

Hook: Take me back, I wanna go back,
Back where I first believed
Take me back, I wanna go back
To a higher place in you

Verse: I remember when I first met you,
When everything about my life felt new
How you gave me a brand new start
You came in and you blessed my heart
I never will forget that feelin'
How you gave my body a healin'
When you dried my tears away
Now I lift my hands and say

Hook: Take me back, I wanna go back,
Back where I first believed
Take me back, I wanna go back
To a higher place in you

Verse 2: Now my life in you is sweeter
And everyday around you gets better
You turned my sorrow into laughter
Now my cloudy days just don't matter
Even though I'm a little older
I know I can lean on your shoulder
You've been closer to me like a brother
I know I will never find another

Hook: Take me back, I wanna go back,
Back where I first believed
Take me back, I wanna go back
To a higher place in you

Bridge: So Lord draw me nearer,
Cause I want to be closer
Lord draw me nearer,
I want to be closer

Vamp: I wanna go there,
Just take me back there,

I wanna go there just take me back there
