

# Marble Tulip Juicy Tree (Live at John & Peter's)

## Ween

I don't know you you are, I don't know who you want to be  
When I carbonate the test tube, then you won't see me  
I've got a twin cab diesel combo, it takes me where I want to go  
And all the nuphies are happy, they know of a fungus that grow  
So when you see Hoecke's mind screw don't come running to me  
Or I will scream and set aflame marble tulip juicy tree  
Marble tulip juicy tree, it's where I want to be  
When I gnaw on the tulip it'll wish that it was me  
Every morning I put my shoes on and I think about she  
Who controls the four seasons inhaling kitties in the see  
It's like a noodle in a salad, little birdy wants to be set free-ee  
I drill the corpse lobe with my mommy, marble tulip juicy tree  
So this song's about the loving thing that you are to me  
Just stay away from my adenoids and marble tulip juicy tree  
Marble tulip juicy tree, it's where I want to be  
When I gnaw on the tulip it'll wish that it was me
