

Active Kings

New Boyz

You want to get active
I donâ€™t really, care lil mama whatâ€™s the deal
You got a nice body, Iâ€™m hungry now baby tel me how you feel

Because if you ainâ€™t there we can do foreplay
Girl lets kick it like soccer like Jorge
Have fun in this house, call it horseplay
She like a nigga with some cake like a birthday
Not a little scrawny little nigga doing court days
But donâ€™t get me wrong, Iâ€™m skinny with a dope shape
This girl tell me skinny niggas got the bigger dicks
Because I pulled out mine and it was big as shit
I never speak highly on you little kids
And when I say little, Iâ€™m talking big kids
Ya bitch let you talk shit you wear lipstick
Your girl call me ice cream because that big stick
You wonder why I got a nickname and you didnâ€™t
She said she you barley even hit it,
I give her the business man you live for this chick, you feel for this chick
But when I come around her crib, I go in on this chick

You want to get active, or want to get chill
I donâ€™t really care lil mama whatâ€™s the deal
You got a nice body, looking like a meal
Iâ€™m hungry now baby tell me how you feel?
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me

Ah!

Shit bang bitch, active
Put ya fly in the coupe, money in the mattress
Canâ€™t fuck this chick, cause she crazy like my last bitch
Might let you get a taste, go on tell your girlfriend
So icky wet, really really she a fan
I really want to put her on, but itâ€™s no hands
Overnight celebrity off the slow jam, bad to the bone , bone baby you want it
So famished, eat it if its Spanish, no bandanna, bang my hammer

Girls getting gooey & the Gucci all wow
? and Louie fuck you in your all gown
Ow, aye pass on to Ben J
In the rose red mirror, she a devil with a waist
Last king pharaoh , motherfucker in the game
These niggas aint thorough throw it up in your face, aye

You want to get active, or want to get chill
I donâ€™t really care lil mama whatâ€™s the deal
You got a nice body, looking like a meal
Iâ€™m hungry now baby tell me how you feel?
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me

Whoa she got to watch it if she skeet on me
I got that underrated dick cause she sleep on me
I close the curtains she go nuts, no common sense
She going German on the blow jobs like erkk and shit, ugh!
If you gotta go, we can do it in your car,
She said my pipe is meaner than a ?
Of course Iâ€™m wearing latex but first I made her taste it
I went down and did the same shit, make the kitty purr trey pens
My mouth be getting all riddle on her clit real tongue licking
Tony, Iâ€™m a pharaoh on the head, well done, get it
I made rain bitch, now get a homie something
She said her name was Paris, and this that dirty money!
Please donâ€™t be without a sleeve
Cause you might get burned like Cleveland twenty-three
Rule blind scissors to the eye, blind sight bastard
Y M, one hundred, west side, active

You want to get active, or want to get chill
I donâ€™t really care lil mama whatâ€™s the deal
You got a nice body, looking like a meal
Iâ€™m hungry now baby tell me how you feel?
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
Tryna run from me, then she brought it back to me
