

# Best Thing

## Pablo Nouvelle

Written by james young, dennis deyoung

Lead vocals by dennis deyoung  
Your loving seemed to be the best thing  
That I ever had  
Your loving seemed to be the best thing  
That I ever had  
Your loving seemed to be the best thing  
That I ever had  
Your loving seemed to be the best thing  
That I ever had

Silk and satin make me wonder  
Just who I am  
To be with you in times of slumber  
Makin' me a man

I haven't known you for a very long time  
But it's on my mind what I want to do  
A trip to the skies we begin to fly  
Oo-oooh  
All the riches I have taken  
From you every night  
Pay you back someday with interest  
'cause your loving makes it right  
Yeah

Your loving seemed to be the best thing  
That I ever had  
Your loving seemed to be the best thing  
That I ever, ever had  
Oh yeah  
Best thing  
(repeat to fade)
