Let Me Go

Scott Stapp

Tell me friend is this forgiving
Tell me friend are you believing
Tell me friend if it's worth the fight
So please let me go
So please let me go
Let me go
What's the use of our deceiving
What's the use so stop retreating
We are lost and all our hope is gone
So please let me go
So please let me go
Let me go
So please let me go
So please let me go
Let me go

Once a boy I was forgiven
Now a man I'm lucky living
Always know our memories will live on
We'll live on
We'll live on
We'll live on
We'll live on
So please let me go
So please let me go
Let me go
So please let me go
So please let me go
Let me go
Let me go
