Imagination

[Avant](#)

Yo, the sun is goin' down, I can see the dawn formin'
The waters rollin' in, I can feel the wind blowin'
And you got me like putty in your hand
Its your fantasy, so Ill answer to your commandIm gonna agree to do anything anyway you like
Its you fantasy and I promise you girl, Im not gonna fight it
You can stay right here forever or we can travel the world together
I want to relieve all your stress, just dont wake up yetYour imaginations runnin' wild, runnin' wild
And I like the way its goin' down, goin' down
Baby, shut off the TV before you go to sleep
'Cause I dont need nothin' interruptin' meYour imaginations runnin' wild, runnin' wild
And I like the way its goin' down, goin' down
Did you lock the bedroom door before you went to sleep?
'Cause I dont want nobody interruptin' meOur bodies intertwined, tonights a full moon
You got me flyin' high in this hot air balloon
And you take me to places I've never been
Its your fantasy and I dont want this to end, noIm gonna agree to do anythin' anyway you like
Youre fast asleep and I promise you girl, Im not gonna fight it
Never been in this situation but Im lovin' the sensation
I give you more than enough, baby please dont wake upYour imaginations runnin' wild, runnin' wild
And I like the way its goin' down, goin' down
Baby, shut off the TV before you go to sleep
'Cause I dont need nothin' interruptin' meYour imaginations runnin' wild, runnin' wild
And I like the way its goin' down, goin' down
Did you lock the bedroom door before you went to sleep?
'Cause I dont want nobody interruptin' meI could feel someone comin' to knock on the door
It wont be long before the alarm goes off
And wake you up, cut me off while Im still in it
You had your peek and all I need is just one minuteBut I dont want to rush 'cause I wanna make sure
Youre satisfied, its been four hours baby and now
Im feelin' tired and wake up, wake up, dont wake up
