

Satellite (The Astronauts Remix)

Guster

Shining like a work of art
Hanging on a wall of stars
Are you what I think you are? You're my satellite
 You're riding with me tonight
 Passenger side, lighting the sky
 Always the first star that I find
 You're my satelliteElevator to the moon
 Whistling our favorite tune
Trying to get a closer viewYou're my satellite
 You're riding with me tonight
 Passenger side, lighting the sky
 Always the first star that I find
You're my satelliteMaybe you will always be
Just a little out of reachYou're my satellite
 You're riding with me tonight
 Passenger side, lighting the sky
 Always the first star that I find
 You're my satellite
 You're my satellite
