My Own Hell

Brainstorm

I can't understand the world around me
Meaningless as you may seen
So here I am at the end of all times
I'll take all that's left behindThe voice I hear, the demon speaks
He lives inside my mind
I thought I'm strong, but now I'm weak
Coming up from behindHow can I resist?
Tell me why my dreams never meant to be
Forever damned, the life I live
My unexpected prophecyI walk with you through the gates
Where my own Hell awaits
I walk with you through the gates
Where my own Hell awaitsTime will show when my time has come
What will release me from this life
Why I'm pushed away by something dark
From the roots the evil risesNow I feel the breathing down my neck
With the shadows by my side
Caressed by your hands
And the fire in your eyesI walk with you through the gates
Where my own Hell awaits
I walk with you through the gates
Where my own Hell awaitsSo here I am
At the end of all times
I'll take all that's left
And let the water rise
Desire brings fortune
This is something real
Alive in thoughts
Too deep for any fearsSo here I am
At the end of all times
I'll take all that's left
And let the water rise
I am the demon
I feel that you are not alone
I am the sunlight
When you enter another roomI walk with you through the gates
Where my own Hell awaits
I walk with you through the gates
Where my own Hell awaitsI walk with you through the gates

Where my own Hell awaits
I walk with you through the gates
Where my own Hell awaits
