

Last Man Standing

The Mallett Brothers Band

Somethin'™ bout competition. Never like competition
I got better things to do, with my time
I got the upper hand, never made any plans
always seemed to work out just fine for me.
From the very first minute, that you came around
knew I was in it to win it had me floatin off the ground.
I knew without a doubt, wanted to keep you
I ain'™t goin nowhere, tell you what I'™m gonna do is

I'™m gonna be the last man standing
Ain'™t nobody ever gonna fill my shoes.
I'™m gonna be the last man standing and
for the first time I got something to lose.
I'™m gonna be the last man standin'™
gotta do what I got to do.
I'™m gonna be the last man standing
ain'™t never lettin'™ go of you.

Put me to work baby I'™ll
show you what I can do and if
you want my company then
I'™m gonna prove it to you
I got it better than it ever was before you
Got me spinnin and I need me some more, so
put me to work, babe...
put me to work, babe...
put me to work, babe, I'™ll show you...
