Clean

Louise Burns

I've seen some things
you've only seen in your dreams
I've seen some things
you've only seen in your dreamsI've walked the walk
with never leaving my dreams
I've walked the walk
and I've never broken the beat the beatYou've said don't you blow it now
everyone's coming down clean
You've said don't you blow it now
everyone's being so mean so meanIve seen you
And you don't know what it means
To be clean
Clean on your hands and your kneesI've made a choice
with never raising my voice
I've changed my mind
With never changing my voiceI've come down with never reaching the ground
I've turned around with never hearing the voice the voiceYou've said don't you blow it now
everyone's coming down clean
You've said don't you blow it now
everyone's being so mean so meanIve seen you
And you don't know what it means
To be clean
Clean on your hands and your kneesI've told the truth
With never needing the stars
In my youth
The inescapable fallGood for you
for choosing to hid from walls
