Christian Resistance

Holy Terror

(Kilfelt)
Guilty of a common sin
Destruction marks our path
Bloodshed of the fallen victor
Genocide befits the wrath
A reason seems so hard to find
The cause obscured by clouds
That blinds the violent hate reaction
Created by the mind
None withstanding keep Christian Resistance
All are martyred in their minds to all
Troopers of the Baptism must fight
In the name of Jesus Christ we massacre
Every action brings reaction
Neither see the hidden force
Participation repayed by dead!
A feeling of no remorse
The heart the mind the soul entwined
The thought reality
A balefull stare, a witches lair
The blind society
None withstanding keep Christian Resistance
All are martyred in their minds to all
Troopers of the Baptism must fight
In the name of Jesus Christ we massacre
The fornication upon hallowed ground of the holy and the righteous
Breeds the souls of decadence supreme clearing vision for the moment
The tyrants of the past keep the third dimensions safe
From prying eyes comes the blinding light to illuminate the black
Guilty of common sin
Destruction marks our path
Bloodshed of the fallen victor
Genocide befits the wrath
A reason seems so hard to find
The cause obscured by clouds
That blinds the violent hate reaction
Created by the mind
None withstanding keep Christian Resistance
All are martyred in their minds to all

Troopers of the Baptism must fight
In the name of Jesus Christ we massacre
