Biggest & The Best

Clawfinger

Nobody is perfect but I'm pretty fucking close
And I'm here to give you all a heavy heavenly dose
I think you better listen 'cos I know who you are
And I think that you should treat me like a superstarBecause I'm more than just a human, I'm a gift to all of you
And I'm here to make sure that my message gets through
I wonder if you're really all as dumb as you look
Or are you smart enough to learn the rules in my bookI hope you understand that the knowledge I bring
Puts me in the position of a god or a king
'Cos I'm blessed with the gift of the magic touch
And I wouldn't say that I'm asking for too muchAll you have to do is get down on your knees and pray
And I promise you the remedy is on its way
But you can never be like me so don't waste your time
Because I reign supreme and my position is divineWhat's wrong with being self possessed?
Nobody satisfied with being second best
I've got a gift and I know, well, I'm blessed
And I've got to get it off my chestI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the restI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the restI'm not afraid of competition 'cos I know that I'm best
And you haven't got a chance to even pass my little test
Even if you wanted to, you couldn't pay the price
There ain't no room for losers in my perfect paradise'Cos life is always based upon the weight of your success
So I'll make sure that I get the most and nothing less
If I love myself then everyone will love me too
And there's nothing you can do for me that I can't doWhat's wrong with being self possessed?
Nobody satisfied with being second best
I've got a gift and I know, well, I'm blessed
And I've got to get it off my chestI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the restI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the restSo, welcome to my kingdom and enjoy your little stay
Even if you can't afford it I'll still make you pay
So you better come and get it and enjoy it while you can

Don't tell me that you're dumb enough to think I give a damnI couldn't care less about what you achieve
And there's only one thing that you have to believe
The only thing important that you have to understand
Is that no matter what you say, it's still a god I really amI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the restI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the restI'm the biggest, the best
Better than the rest, better than the rest
I'm the biggest, the best
Better than the rest, better than the rest
