# Sex Dwarf

## Dangerous Muse

Isn't it nice? Sugar and spice
Luring disco dollies to a life of vice
I can make a film and make you my star
You'll be a natural the way you areI would like you on a long black leash
I will parade you down the high streets
You've got the attraction, you've got the pulling power
Walk my doggie, walk my little sex dwarfWe can make a scene, we'd be a team
Making the headlines sounds like a dream
When we hit the floor you just watch them move aside
We will take them for a ride of ridesThey all love your miniature ways
You know what they say about small boys, yeahSex dwarf
Sex dwarfI'm in my Jaguar looking so huge
It's big and it's gold with my dumb chauffeur
Looking to procure, run little doggie
Lure a disco dollyRun my little sex dwarf, I feel so lonely
Get my little camera, take a pretty picture
Sex dwarf in a gold Rolls
Making it with the dumb chauffeurIsn't it nice? Sugar and spice
Luring disco dollies to a life of vice
Sex dwarf, isn't it nice?
Luring disco dollies to a life of viceSex dwarf
Sex dwarf, yeahWe can make an outfit for my little sex dwarf
To match the gold Rolls and my dumb chauffeur
We'll look so good, we'll knock 'em cold
Knocking 'em cold in black and goldWe can have playtime in my little playroom
Disco dollies, my sex dwarf and my dumb chauffeur, yeah
I would like you on a long black leash
You can bring me all the things I needSex dwarf, isn't it nice?
Luring disco dollies to a life of vice
Sex dwarf, isn't it nice?
Luring disco dollies to a life of vice, yesSex dwarf
Sex dwarf
Sex dwarf
