Love Is a Long Road

Tom Petty

There was a girl I knew
She said she cared about me
She tried to make my world
The way she thought it should be
Yeah we were desperate then
To have each other to hold
But love is a long long road
Yeah love is a long long roadThere were so many times
I would wake up at noon
Yeah, with my head spinning 'round
I would wait for the moon
And give her one more chance
To try and save my soul
But love is a long long road
Yeah love is a long long roadSome things are hard to give up
Some things are hard to let go
Some things are never enough
I guess I only can hope
For maybe one more chance
To try and save my soul
But love is a long road
Yeah love is a long long roadLove is a long long road
Yeah love is a long long road
Oh, it's a long long road
