Lost In Love

Kristina Train

Someday, our romance may fly away
Love in a heavenly shape
Though the years may sway
In tender ways
Lost in love, we stay

When evening colors
fade today
Will our love remain?
And will a gentle breeze lead me where the heart lays
Do you remember the way?
We could romance a while, in a crowded smiles
Say farewell to yesterday....

Please turn to me, may we being again
Lost in love, we will stay

For only you, a nightingale softly sings
For you may a broken bell ring
For only you, love lingers
Till the end of time
Do you remember the way?

When evening comes, fade today
Will our love remain.....
And will the gentle breeze lead me where the heart lays
Do you remember the way?

So may our romance may fly away, but our love will remain
Just hold me in that oh sweet way
Lost in love, we lay

The gentle breeze will lead me
Lost in love, we stay
