# Stone Cold Heart

## Incognito

All along, you did nothing wrong
Still I'm missing something strong
And I feel I don't belong, oh no
What should I do but tell the truth'Cause it's been eating me away
And I'm burning just to say
That we can't go on this way, oh no
What should I do? What can I do?And now I wish that I
Could give you more than a stone cold heart
I wish that somebody would have told me
Then this would have been unnecessaryYou're asking me why but I just can't lie
You gave me more than a stone cold heart
In a million years I never, ever thought
We'd have to end this wayNow we've come this far and we
Find it hard to just be friends
And it's better if we end this way
I don't wanna lead you on no moreAnd now I wish that I
Could give you more than a stone cold heart
I wish that somebody would have told me
Then this would have been unnecessaryYou're asking me why but I just can't lie
You gave me more than a stone cold heart
In a million years I never, ever thought
We'd have to end this way
