

# Heavy on My Mind

[Alyssa Bonagura](#)

Lock it up, turn it down, shut it in  
Let it out  
This day, ran away, left me  
without a sound

And the cold air never felt so right  
as I watch it die  
No more heavy on my mind  
heavy on my mind  
No more heavy on mind  
heavy on my mind no more  
no more

This hearts seen it all,  
left me red and blue  
all I want, is to fall lightly  
as leaves do

They can come and carry me away  
as their colors change  
and no more heavy on my mind  
heavy on my mind  
No more heavy on my mind  
heavy on my mind no more  
no more  
no more

Let it go, you and I  
nothing left to decide  
and no more heavy on my mind  
heavy on my mind  
no more heavy on my mind  
heavy on my mind no more  
no more heavy on my mind  
heavy on my mind  
no more heavy on my mind  
heavy on my mind no more  
no more  
no more
