

# Cry Baby

[Madonna](#)

My guy is really something, he's sensitive and shy  
My guy is such a bumpkin, it doesn't take much to make him cry  
If you hurt someone helpless, it's like taking away all his toys  
He's just a cry baby boy  
My guy is sentimental, he's always feeling blue  
He can be so temperamental and I don't know what I should do  
If you step on a little bug he cries all over the floor  
He's just a cry baby bore  
I don't want to hurt his feelings  
But his outbursts have me really booing all the time  
If I turn out like him, I think I'm gonna cry, baby, la, la, la la la, la  
He's such a cry baby, la, la, la la la, la  
And I'll tell you something else  
My guy is such a wet noodle, he's always teary-eyed  
He acts like a real cock-a-doodle, he can't even tell you why  
If you just play him a sappy song, he acts like his doggie just died  
He's just a cry baby guy  
No kidding, oh dear  
My guy is such a whiner, he's worse than baddie so  
A cockroach seen in the diner and the tears flow out of the blue  
And if I ask him to knock it off, he goes and cries in the can  
He's such a cry baby, man  
I don't want to hurt his feelings  
But his outbursts have me really booing all the time  
If I turn out like him, I think I'm gonna cry, baby, la, la, la la la, la  
He's such a cry baby, la, la, la la la, la  
I love a cry baby, la, la, la la la, la  
He's such a cry baby, la, la, la la la, la  
Would you knock it off, please? Thank you
