Don't worry babeSeo In Guk - BeBe ENGLISH TRANSLATION

There's no one here right now

It's just you and me

It's strange, whenever you're in front of me

Wanna see you at the end

That face is dangerous

Close your eyes now

I'm gonna go down low low low

Don't think about it

Baby don't

Don't think about it

Bebe bebe

Don't think about it

Baby don't

Don't worry babe

It might be too early to say it's love

But you're heart is already filled with me

There's plenty of time to look

There's no worries

Although you might think there's not enough time to look at me

Don't worry babe

If you want something deeper

Look, I'm right behind you

Don't worry babe

Don't worry babe

I can see how you trust me

Let's go see something new

It's a bit boring here, let's get out of here

Because we're gonna go walk on the sky now

Wanna see you at the end

That face is dangerous

Close your eyes now

I'm gonna go down low low low

Don't think about it

Baby don't

Don't think about it

Bebe bebe

Don't think about it

Baby don't

Don't worry babe

It might be too early to say it's love

But you're heart is already filled with me

There's plenty of time to look

There's no worries

Although you might think there's not enough time to look at me
Don't worry babe
If you want something deeper
Look, I'm right behind you
You can have all of me now

My babe

Don't worry babe

It might be too early to say it's love But you're heart is already filled with me

There's plenty of time to look

There's no worries

Although you might think there's not enough time to look at me

Don't worry babe

If you want something deeper

Look, I'm right behind you

Sorry babe

You can get rough with me

At the end

So amazing

Don't worry babe
