Just Between You And Me

Daniel Romano

You said let's go away
And leave our worries behind us
You took me from my sorrow
And you treat me with kindness
Because I wanna be the one
Always by your side
And I'll pray the truth won't stay
But I'm always reminded'Cause darlin' just between you and me
There is the man who gave you that ring
Just between you and me
There's a house and a baby
And they need
The love you've been giving to me
Yes all that's just between you and meToday we took a train
And left our worries behind us
We held each other close
And our true love sweet blindness
'Cause I wanna be the one
Always by your side
I pray that you stay away
But I know they're gonna find out'Cause darlin' just between me and you
There's the woman you gave your ring to
Just between me and you
There's a baby so blue
And he needs
The love I've been giving to you
But all that's just between
Yes all that's just between me and you
