

Everything I Need

Keb' Mo'

Ain't got no money, nowhere to sleep
No friends, no family, no bread no meat, no bread no meat
No friends, no family, no, no bread, no bread no meat I ain't got no reason, ain't got no rhyme
Ain't gettin' no younger and I'm runnin' out of time, runnin' out of time
Ain't gettin' no younger and I'm runnin' out of time But I'm still climbing up the mountain side
Don't count me out
Long as I've got my heart and soul
I got everything, I got everything I need
Everything I need Ain't got no picture, ain't got no wall
Ain't got nobody to hear me when I call, hear me when I call
Ain't got nobody to hear me when I call But I'm still climbing up the mountain side
Don't count me out
Long as I got my heart and soul
I got everything, I got everything I need
Everything I need I ain't got no window, ain't got no door
But I can feel sun shinin' where it's never shined before, never shined before
Feel sun shinin' where it's never, never shined before But I'm still climbing up the mountain side
You can't count me out
Long as I got my heart and soul
I got everything, I got everything I need
Everything I need Ain't got no pictures, ain't got no walls
Ain't got nobody, no gonna, gonna hear me when I call
No, no, ain't got no pictures
