

Same Old Trip

Chevelle

Censor, censor, realize
Censor, censor, no friend of mine
Time won't keep us anymore
It's the usefulness of letting go
Your perfect plan has come and gone
Like the nuclear centuries benefits
They say
You bought the same old trip
So innocent your'e out of reach
You bought the same old trip
Lawful, vengeful, awful, friendship, misfits
Bits of feelings, theiving, fits inside revealing
Time to censor, censor, realize
Censor, Censor, no friend of mine

You bought the same old trip
So innocent your'e out of reach
You bought the same old trip
Sigh of relief inside of a dream
You bought the same old
