

Dream of Doom

Metalium

I see the past to a time when I was younger
And it's strong without doubt their dreams awaken
But my mind still burns with hunger
Stand alone and wonder for what I've seeking Ooh, painful sights invade my brain
Shallow bloody rain They are not better than me
We'll just wait and see
After all, I will find my way
I don't see it their way
Heavy price to pay
After all you're self inflicted
Dream of doom You were the witness to my silent futile struggle
Stoic sentinels to my delusion
You'll sacrifice for our shallow course of action
To disproof the revolution Ooh, liquid steel will be the sign
The holy power is mine They are not better than me
We'll just wait and see
After all, I will find my way
I don't see it their way
Heavy price to pay
After all you're self inflicted
Dream of doom They are not better than me
We'll just wait and see
After all, I will find my way
I don't see it their way
Heavy price to pay
After all you're self inflicted
Dream of They are not better than me
We'll just wait and see
After all, I will find my way
I don't see it their way
Heavy price to pay
After all you're self inflicted
Dream of doom
Just a dream
